COUNTER

60.5 CV

888 60.0 BV

電源指示

无填启动

手動 自動

電源 OFF ON

停止

A control panel for a filling machine. It features a digital counter with two displays: a red one showing '60.5 CV' and a green one showing '888 60.0 BV'. The counter has several buttons below it. To the left of the counter is a green indicator light labeled '无填完成' (Filling Complete). To the right is a red indicator light labeled '无填指示' (Filling Indication). Below the counter are several other controls: a red indicator light labeled '電源指示' (Power Indication), a red button labeled '无填启动' (Filling Start), a green rotary knob labeled '手動 自動' (Manual/Auto), a red rotary knob labeled '電源 OFF ON' (Power OFF/ON), and a green button labeled '停止' (Stop).

sterilized water

A stainless steel piping system for a filling machine. It includes a vertical pipe labeled 'sterilized water' at the top. The system features several valves with green handles, a horizontal pipe with a yellow label, and various fittings and connections. The piping is mounted on a white wall.
